

# I'M LUCA SCIARINI

Computer Engineering Student

## SOFT SKILLS:

- Strong **analytical mindset** developed through rigorous engineering and mathematics courses
- **Teamwork** skills gained through collaborative projects
- Attention to **detail** and precision in problem formulation and solution
- **Autonomy** in **learning** and working with new technologies
- Effective **time management** and ability to work under deadlines

## HARD SKILLS

### Programming Languages:

- C, C#, Java, Python, Javascript, Dart

### Software Development:

- HTML, CSS, React, Nextjs, WPF, Flutter

### Computer Engineering & Systems

- Computer architectures, OSs, Network Fundamentals, Databases design and querying, Fundamentals of electronics and digital logic, Control Systems, Probability and Statistics.

### Academic Projects

- Client-server stock market simulation desktop app (WPF)
- Efficient shortest-path algorithm for hexagonal map (C)
- Simple Spotify Clone (WPF)

### Personal Projects

- Development of responsive websites using React, Tailwind CSS, and modern front-end tools
- Creation of cross-platform mobile applications with Flutter
- UI/UX design for web platforms and mobile apps
- Data analysis and web scraping

## EDUCATION

- **J.M. Keynes (Gazzada, VA)**  
Computer Science Diploma (98/100)
- **Politecnico di Milano**  
Bachelor in Computer Science and Engineering - In progress

## LANGUAGES

- **Italian**  
Native Speaker
- **English**  
C1 Cambridge in Speaking

## CERTIFICATIONS

- **ICDL Full Standard**  
AICA
- **FIRST Certificate**  
Cambridge
- **CCNA**  
Cisco
